

Online IOSH 'Managing Safely'

COURSE DURATION:

24 hours

TARGET AUDIENCE:

- Managers
- Supervisors

AVAILABLE IN:

- Audio

DELIVERED VIA:

- Internet

The Online Managing Safely course is aimed at managers and supervisors in any sector and any organisation. The course content is designed to give managers all they need to know to help them handle health and safety in the area under their responsibility. Managers will gain a broad based knowledge of health and safety and safe systems of work.

Managing Safely is delivered and tested online so managers never need to leave their workplace. A project is completed by the learner onsite and marked by our IOSH certificated consultant. Delegates who successfully complete the online and practical assessments at the end of the course are awarded an IOSH certificate in Managing Safely.

The Safety4Business online version of Managing Safely covers all the main health and safety issues, and includes a session covering the environment too. The course takes approximately 24 hours to complete. A period of 6 months is allowed for completion.

The course has eight interactive modules which include video introductions and an online video tutor, the modules are:-

Course Content

- Introducing Managing Safely
- Assessing risks
- Controlling risks
- Understanding your responsibilities
- Identifying hazards
- Investigating accidents and incidents
- Measuring performance
- Protecting our environment
